

## VZ125i TECHNOLOGY

The Benelli VZ125i is more than just a super stylish scooter; it also combines the technology of a 124cc, two-valve, four-stroke single-cylinder engine featuring EFI, SOHC, and TLI injection, the precision of a silky-smooth CVT gearbox and reinforced shock absorption system, and the practicality of custom-designed, ultra-durable components developed specifically for the Malaysian market.

**Full Digital Display**  
LED dash provides all the information you need in an instant

**Attention Grabbing Lights**  
Trendy LED headlights and turn signals

**Everyday Convenience**  
Underseat storage and other details make the VZ125i as practical as it is

**Comfort for Days**  
The VZ125i offers the comfort and ergonomics in your daily ride

**Reinforced Shock Absorption System**  
The VZ125i's rear telescopic spring oil-damped suspension put you in best control, also for the front telescopic fork

**Four-Stroke SOHC-Engine**  
This scooter produces both the horsepower (8.4 hp) and torque (9.2 Nm) needed to navigate tight traffic with ease

**Powerful Front Brakes**  
220mm double piston disc brakes provide maximum safety

**Continuously Variable Transmission**  
Just twist and go with the fast-starting and seamless operation of the CVT gearbox

**Tubeless Tires**  
Gives the VZ125i the ultimate grip on the road
